

* Please be advised that the previously posted Unreported Property Report for Petroleum Gross Products has been filtered as follows.

The Reporting Group and Mineral will remain on the report for each taxpayer, for the applicable production year, if one or more of the following conditions exist for that Reporting Group and Mineral:

- 1) The previous production year was reported, with a taxable value greater than zero, for Gross Products purposes.
- 2) The current production year was reported, with a taxable value greater than zero, for Severance purposes.
- 3) The subsequent production year was reported, with a taxable value greater than zero, for Severance purposes.

If none of these conditions are met, the Reporting Group and Mineral will no longer appear on the report.

Please also be advised that this report, in addition to any other reports/notices/letters, etc. that are provided to you by the Wyoming Department of Revenue, are meant to supplement, rather than replace,

each taxpayer's ongoing comprehensive review process related to Gross Products and Severance reporting.

Any inaccuracy in the information on this website is a function of each taxpayer's reporting practices.

The Wyoming Department of Revenue does not claim these are the only unreported groups nor does the

Wyoming Department of Revenue claim all groups on this report should have value attributed to them.

It is each taxpayer's sole responsibility to rectify all unreported property issues they may have.
